

## DIRECT CORPORATE WAREHOUSE MEMBERSHIP BENEFITS

*Direct corporate members are individual cold store and logistics companies that are members of the Global Cold Chain Alliance and are serviced through ECSLA*

- ✓ Your company listed in the printed and online Global Cold Chain Directory & the printed and online ECSLA directory (once available)
- ✓ Use of ECSLA / GCCA logos
- ✓ Opportunity to attend, at member rates, the annual European Cold Chain Logistics Programs, Best Practice Study Tours, the GCCA annual International Conference & Expo, the GCCA annual Assembly of Committees, and the GCCA Training Express/Webinars
- ✓ The assistance of the GCCA Global Inquiry Service, the European Helpdesk, and the Scientific Advisory Council - a team of leading international scientists, specialists in food technology and refrigeration (aim is to answer member inquiries in 24 to 48 hours).
- ✓ Free (printed and online) industry manuals on:
  - Warehouse Operations
  - Maintenance & Modernizations
  - Commodity Storage
  - Crisis Management
- ✓ Access to online resources like research project list, and material from events like education programs, conventions, and committee meetings
- ✓ Opportunity to participate in European and North American Benchmarking Studies and Industry Surveys
- ✓ Unique management video training and motivational materials
- ✓ Digital and printed newsletters:
  - Cold Connection, international/weekly/digital
  - e-Cold Facts, European/monthly/digital
  - Cold Facts, international/printed/quarterly
- ✓ Membership of the European Council, an international networking platform exclusively for warehouse members
- ✓ Participation in Working Groups
- ✓ Participation in the ECSLA Spring/Fall AGM
- ✓ Participation in Committee Meetings of your choice (Refrigeration & Energy, Operations & Technology, Legislation & Lobbying, and Finance & Programs)
- ✓ Leadership opportunities: ECSLA & GCCA Board and Warehouse Council
- ✓ Voting power in ECSLA general assembly meetings
- ✓ International outreach: market intelligence studies, cold chain development programs, consultancy project opportunities, and international offices
